FILT'AIR DESIGN MOBILE SOLUTION FOR EXTRACTION

With its modern and elegant design, mobile suction hood with shock filter is ideal for efficiently extracting the fumes from your New Front Cooking.

+ PERFORMANCE

With a 900 m³ / h extraction capacity, its shock filter, the activ carbon filter for odor treatment and UV lamp in the air flow to limit bacterial growth, the Filt'Air hood perfectly combines design and performance.

+ CONFORT FOR SERVICE

With LED lighting as standard, the Filt'Air hood provides excellent visibility to the cook.

With a fully acoustically insulated casing, the operation of the hood is really quiet and provides more work comfort for the service.

Capacity

- 900 m³ / h

Possibles configurations

- Mobile
- Inside a counter line

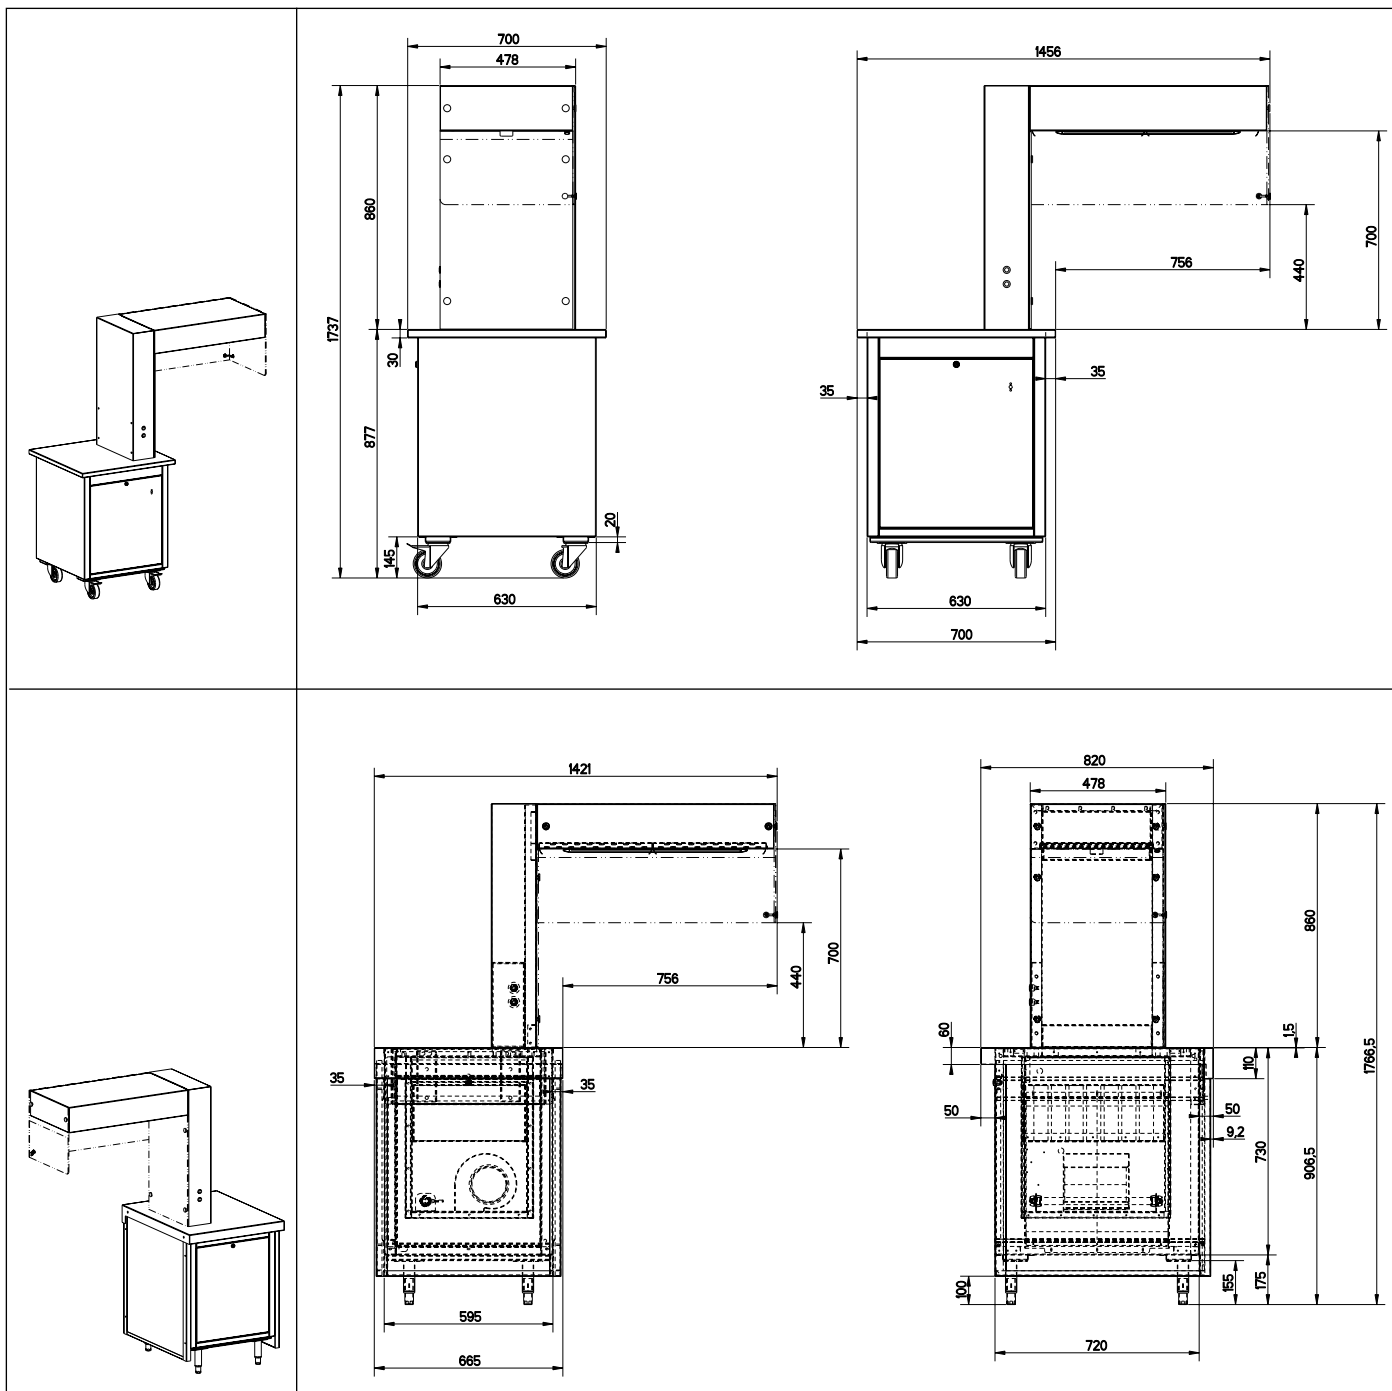

Standards equipments

- LED lighting
- Shock filter
- Activ carbon filter
- UVC Lamp
- Wooden phonic insulation case
- Top in 18/10 AISI 304 stainless steel
- Access door to the filter for easy replacement
